Message

The year 2017 was indeed full of blessings and challenges to PSA Leyte. The recognition received as rank 11 during the PSA Awards, was a concrete manifestation of the continued perseverance and team spirit within us in achieving our goals and commitments.

According to Albert Schweitzer “Success is not the key to happiness but happiness is the key to success”. I believe that a person need not to be successful in order to be happy but if we love what we are doing and we are happy doing it, success will come easy. Though there had been ups and downs in the achievement of our targets, some became failures, but with due dedication, excellence and passion we are able to surpass the problems along the way. The overlapping of activities coupled with the tedious processes for the accreditation of ISO 9001:2015 made us experienced the humps and bumps of a real public servant. As one of the pilot provinces for the ISO implementation, there has been significant improvement in our processes, systems and performances in and out. It paved the way towards a more solid, responsive and world class PSA.

Various activities had been conducted on statistical operations, civil registration, information dissemination, statistical planning & coordination, partnership and linkages, and general administration. We continued to meet the expectations of our clients and stakeholders through timely releases of advocacy materials, conduct of data appreciation seminars, inter-agency coordination, and provision of technical assistance. Corporate social responsibility and environment-related activities were conducted consistently, going beyond the mandate of the organization. We ensure customer satisfaction to our civil registration clients by providing them fast and efficient services. Timely submission of machine processed civil registry documents was achieved for the entire year because of our strong partnership with the Local Civil Registry Offices in the province. Strong collaboration with Local Civil Registrars enabled us to expand our horizon to effectively carry out our mandate for quality civil registration services. Likewise, as we continue to value our human resources, we continued to capacitate them with the necessary developmental trainings and team building activities to promote their general welfare and well-being.

The continued support and cooperation of our partners, survey respondents, Local Government Units, Government Agencies, Non-Government Organizations, Academe, Media, Private Sector and other stakeholders brought significant contribution in achieving all our accomplishments. We owe to them the successful achievement of our targets. This was triggered by the untiring efforts and dedicated PSA Leyte personnel, service contractors and statistical researchers.

This report will showcase our humble achievements in 2017 as we continue to deliver relevant and reliable statistics and civil registration services for equitable development towards improved quality of life for all.

SHERYL ANN A. JAMISOLA
(Supervising Statistical Specialist)
Officer-in-Charge, January 1-November 15, 2017
Mandate

The PSA shall primarily be responsible for the implementation of the objectives and provisions of R.A. 10625. It shall plan, develop, prescribe, disseminate and enforce policies, rules and regulations and coordinate government-wide programs governing the production of official statistics, general-purpose statistics, and civil registration services.

It shall primarily be responsible for all national censuses and surveys, sectoral statistics, consolidation of selected administrative recording systems and compilation of national accounts.

Specifically, the PSA shall:

1. Serve as the central statistical authority of the Philippine government on primary data collection;
2. Prepare and conduct periodic censuses on population, housing, agriculture, fisheries, business, industry, and other sectors of the economy;
3. Collect, compile, analyze, abstract and publish statistical information relating to the country’s economic, social, demographic and general activities and condition of the people;
4. Prepare and conduct statistical sample surveys on all aspects of socioeconomic life including agriculture, industry, trade, finance, prices and marketing information, income and expenditure, education, health, culture, and social situations for the use of the government and the public;
5. Carry out, enforce and administer civil registration functions in the country as provided for in Act 3753, the Law on Registry of Civil Status.
6. Collaborate with departments of the national government including GOCCs and their subsidiaries in the collection, compilation, maintenance and publication of statistical information, including special statistical data derived from the activities of those departments, corporations and their subsidiaries;
7. Promote and develop integrated social and economic statistics and coordinate plans for the integration of those statistics, including the national accounts;
8. Develop and maintain appropriate frameworks and standards for the collection, processing, analysis and dissemination of data;
9. Coordinate with government departments and local government units (LGUs) on the promotion and adoption of statistical standards involving techniques, methodologies, concepts, definitions and classifications, and on the avoidance of duplication in the collection of statistical information;
10. Conduct continuing methodological, analytical and development activities, in coordination with the PSRTI, to improve the conduct of censuses, surveys and other data collection activities;
11. Recommend executive and legislative measures to enhance the development of the statistical activities and programs of the government;
12. Prepare, in consultation with the PSA Board, a Philippine Statistical Development Program (PSDP);
13. Implement policies on statistical matters and coordination, as directed by the PSA Board, and;
14. Perform other functions as may be assigned by the PSA Board and as may be necessary to carry out the purposes of RA 10625.
VISION
Solid responsive world-class authority on quality statistics and civil registration.

MISSION
Deliver relevant, reliable statistics and civil registration services for equitable development towards improved quality of life for all.

### PSA QUALITY POLICY

We, the Philippine Statistics Authority, commit to deliver relevant and reliable statistics and efficient civil registration services to our clients and stakeholders.

We adhere to the UN Fundamental Principles of Official Statistics in the production of quality general-purpose statistics and commit to deliver civil registration services in accordance with laws, rules and regulations, and other statutory requirements.

We endeavor to live by the established core values and corporate personality of the PSA and adapt the appropriate technology in the development of our products and delivery of services.

We commit to continually improve the effectiveness of our Quality Management System to ensure equitable development towards improved quality of life for all.
PSA Leyte is now ISO 9001:2015 certified

After almost a year of journey in pursuing the coveted ISO certification on quality management, the PSA Leyte was officially awarded of the certification on December 12, 2017 by TÜV Rheinland, a third party firm which conducted surveillance audit in the last quarter of 2017.

Aside from PSA Leyte, TÜV Rheinland also conferred certifications to the PSA-Central Office, the five (5) PSA Regional Statistical Services Offices (Regions I, V, VI, VIII and CARAGA) and the five (5) PSA Provincial Statistical Offices (La Union, Albay, Capiz, Sarangani, and Agusan del Norte).

The ISO 9001 is an internationally recognized Quality Management System (QMS) standard. It is a collection of processes focused consistently on meeting customer requirements and enhancing their satisfaction. It is aligned with an organization's purpose and strategic direction. It is expressed as the organizational goals and aspirations, policies, processes, documented information and resources needed to implement and maintain it.

The pursuit of PSA Leyte to ISO Certification was rigorous. Various workshops were conducted for the cascading of the ISO-aligned Quality Management System (QMS) Manual and Procedure and Work Instructions Manual (PAWIM) prepared by PSA Central Office. Only after few months, QMS was progressively implemented in the office including revisiting of the existing processes, proper documentation and archiving of documents, to name a few. The office also undergone two audit stages prior to the surveillance audit of TÜV Rheinland. The first was the internal audit conducted by the first party auditors composed of employees from PSA CO and field offices.

The second was the readiness assessment carried out by the representatives of Development Academy of the Philippines (DAP). In both occasions, the PSA Leyte did not get any non-conformity.

Having an ISO certification is an affirmation that the Quality Management System being implemented by the PSA Leyte conforms to international standards, particularly in the statistical operations and civil registration services.

The ISO certification of PSA Leyte is valid for three years, from December 12, 2017 until December 10, 2020.
PSA Leyte places 11th in the Top 15 Provincial Statistical Offices

The PSA Leyte once again made it to the Top 15 Provincial Statistical Offices of the 2017 PSA Awards by garnering 11th place.

The award was given during the Awards Night held at Heritage Hotel, Pasay City on March 23, 2018.

The 2017 PSA Awards is given in recognition of the outstanding performances of the field offices and to recognize their accomplishments for the year 2017.

OIC-PSO of Leyte attends the 16th batch of Middle Managers Class

OIC-PSO Sheryl Ann A. Jamisola was one of the middle managers from various government offices admitted to the Middle Managers Class (MMC) of the Public Management Development Program (PMDP). They are the 16th batch of scholars currently attending the program at the Development Academy of the Philippines (DAP), Tagaytay City, which started on November 17, 2017 and slated to end on April 28, 2018.

The MMC is designed for “High Performing and High Potential” (HP-HP) Section and Division Chiefs, SG 20 – 24 positions, and aged 50 years and below. It is delivered in a 5 month - Residential Training with monthly week-long breaks, a 10-day Sensing Journey, and a 6-month Re-Entry Project conceptualization and implementation.

This program is the government's response to the need for a corps of ethical, competent, committed and development-oriented officials in the bureaucracy who will drive performance in their respective agencies.

Statistical Operation

Household-based Statistics

Monthly

FPS

Farm Price Survey

This is a nationwide household-based survey designed to gather data on prices received by farmers for their produce and prices paid for the pesticides they used in their farms.

In Leyte, there were 24 kinds of crop considered in the survey in 2017. Five (5) respondents per crop were selected purposively belonging to the top five (5) crop producing municipalities.

MPCSR

Monthly Palay and Corn Situation Reporting System

Serves as a monitoring system of the growing conditions and actual plantings of palay and corn. Specifically, it aims to update the forecasts for the current quarter based on standing crop and forecasts for the next quarter based on planting intentions and to provide monthly updates on the area and production of palay and corn by stages of growth (i.e., vegetative, reproductive and maturing) across the country.

There were 20 barangays covered monthly in 2017. From these barangays, 64 corn farmers and 78 palay farmers were interviewed.

PCSS1

Palay and Corn Stock Survey

Intends to generate estimates of the current stock of rice and corn in farm and non-farm households. It is a monthly survey being conducted in the first four (4) days of the month with the 1st day of the month, 6:00 AM, as the reference period.

In 2017, 142 farm households and 100 non-farm households were interviewed every month from 21 sample barangays.
**Household-based Statistics**

**CES**

**Consumer Expectations Survey**

It captures the economic outlook of consumers as an indication of the country’s future economic conditions. This is a complementary survey to BSP’s Business Expectation Survey. This is administered on a sample basis at household level drawn through a stratified multi-stage random sampling.

In 2017, there were 80 sample households during the January survey round, and 100 in each survey rounds in April, July and October or a total of 380 sample households enumerated for the entire year.

**CrPS**

**Crops Production Survey**

This survey aims to generate basic production statistics for crops other than palay and corn at the national, regional and provincial levels. It covers more than 200 crops of which 19 are considered major crops.

There were six (6) samples in nonfood industrial crops, seven (7) samples in vegetables and four (4) samples in fruits classified as major crops covered in Leyte in 2017.

**LFS**

**Labor Force Survey**

The survey is designed to provide statistics on levels and trends of employment, unemployment and underemployment for the country, as a whole, and for each of the administrative regions, including provinces and key cities. This is conducted every January, April, July and October.

A total of 3,129 households were sampled for the 2017 LFS.
Statistical Operation

**Household-based Statistics**

**Quarterly**

**PPS**

*Palay Production Survey*

Aims to generate estimates and forecasts on palay areas, production and yield, usage of yield enhancing inputs, usage of yield protecting inputs, farmers planting intention, and farmer’s participation and availment in the different government programs and interventions in agriculture. It aimed at providing data inputs for policy making and program interventions on palay. The date of collection is in the first 10 days of the following quarter.

Leyte had 20 sample barangays and 154 sample HHs every quarter in 2017.

**QAS**

*Quarterly Aquaculture Survey*

Generates data on volume and value of aquaculture production by aquafarm type, by culture environment, by species, by quarter at the national, regional and provincial levels.

About 140 households in Leyte were sampled quarterly in 2017.

**QCFS**

*Quarterly Commercial Fisheries Survey*

Undertakes to generate information on quarterly volume and value of fish unloaded at commercial fish landing centers, also segregated by species.

The QCFS covered a total of 21 landing centers in 2017.
Household-based Statistics

Quarterly

**QIFS**

Quarterly Inland Fisheries Survey

Generates data on quarterly volume and value of fish unloaded at municipal fish landing centers by species at the national, regional and provincial levels.

There were 20 sample households from five (5) sample barangays that were interviewed quarterly in 2017.

**QMFS**

Quarterly Municipal Fisheries Survey

Generates data on quarterly volume and value of fish unloaded at municipal fish landing centers by species at the national, regional and provincial levels.

Leyte had 14 sample municipal fish landing centers per quarter in 2017.
Agricultural Wage Rate Survey

The Agricultural Wage Rate Survey (AWRS) is formerly known as Agricultural Labor Survey. It is a nationwide semestral statistical activity that focuses mainly on generating information on the cost of farm labor, specifically for the four (4) major crops such as palay, corn, coconut and sugarcane.

Annual Poverty Indicator Survey

Aims to provide inputs to the development of an integrated poverty indicator and monitoring system which would enhance timely, accurate and consistent production of poverty-related data that can be used at the national level. This was a rider survey to the July 2017 Labor Force Survey.

There were 192 sample households completely interviewed in 2017, resulting to a response rate of 99.30 percent.

National Demographic and Health Survey

The primary objective of the NDHS 2017 is to provide up-to-date estimates of basic demographic and health indicators.

There were 473 sample households completely interviewed in 2017.

Survey on Overseas Filipinos

Aims to derive national estimates on the number of Overseas Filipino Workers, their socio-economic characteristics and the amount and mode of remittances, in cash and in kind, received by their families. This was a rider survey to the October 2017 Labor Force Survey.

In 2017, a total of 774 sample households were covered in Leyte.
AGMARIS
Agricultural Marketing Information System

This is an integrated system of collecting, processing, analyzing and disseminating information that involves design and implementation of site-specific monitoring scheme that parallels the existing marketing system. Price surveys are implemented in major local/provincial market centers and strategic terminal markets throughout the country. Prices of the sample agricultural commodities gathered through the Retail Price Survey for Agricultural Commodities and Wholesale Price Survey for Agricultural Commodities are run as inputs in AGMARIS.

CPI
Survey of Retail Price for Generation of CPI

Serves as basis for the construction of the Consumer Price Index (CPI), which indicates average changes in prices of commodities and services consumed by an average Filipino household.

Leyte had 1,764 sample commodities for 2000 based market basket, 4,557 sample commodities for 2006 based market basket and 3,400 sample commodities for 2012 based market basket in 2017.

Weekly Survey of Selected Petroleum Products

This survey is conducted every Friday to provide snapshot of the prices of selected petroleum products on a weekly basis.

Prices of diesel, kerosene, unleaded gasoline and liquefied petroleum gases (LPG) were collected every week from seven (7) sample outlets in Leyte in 2017.
Establishment-based Statistics

Monthly Survey

ICP

2017-2018 Survey of Retail Prices of Household Shop Items for 2017
International Comparison Program (ICP)

The survey collects prices of selected food and non-food items (household shop items). ICP was established to provide Purchasing Power Parity (PPP) as an alternative to direct conversion based on exchange rates to compare per capita GDP levels between countries.

The survey operation in Leyte started in March 2017 and is scheduled to end in May 2018. The survey is conducted every month.

In 2017, there were five (5) sample cities and municipalities in Leyte.

MISSI

Monthly Integrated Survey of Selected Industries

Provides the government and private sectors timely flash indicators on the performance of growth-oriented industries in the manufacturing sector.

There were three (3) sample establishments in the province in 2017.

PPS

Producer Price Survey

The survey gathers monthly producer prices of selected products of establishments included in the market.

There were also three (3) sample establishments in the province in 2017.
**QSPBI**

**Quarterly Survey on Philippine Business and Industry**

This is a quarterly survey that provides statistics on revenue, employment and compensation of the identified establishments engaged in economic activities with total employment of 20 and over except in the Agriculture, Forestry and Fishing sectors.

Leyte had 79 sample establishments per quarter or a total of 316 sample establishments in 2017.

---

**ASPBI**

**Annual Survey on Philippine Business and Industry**

Gathers information on structure, levels, performance and trends of economic activities of the formal sector in the country.

A total of 283 sample establishments and enterprises were covered in the province in 2017.
Census and Sampling Frames

Geo-tagging of Building Structures

This activity aims to come-up with accurate and reliable digitized maps, use primarily for the various censuses and surveys conducted by the office.

This activity will identify and mark building structures as points in the digitized maps and attributing these buildings with the pertinent geographical information in the barangays.

All buildings within the sample Primary Sampling Units (PSUs) were visited and geo-tagged. In Leyte, a total of 192 sample PSUs was considered while its provincial capital, Tacloban City, had 208 sample PSUs. During the operation, the hired Map Data Collectors (MDCs) used Tablet in geo-tagging building structures.

2017 LFH

2017 Listing of Farm Households

The listing operation aims to update the sampling frame for agricultural surveys conducted by the PSA. Specifically, the listing operation intends to come up with an updated list of households engaged in agricultural activities as well as to develop the list of agricultural operators.

The provincial listing operation started in October 2017 using Computer-Assisted Personal Interviewing (CAPI). There were 60 barangays covered for listing in Leyte.

2017 ULAF

2017 Updating of List of Aquaculture Farms

The listing aims to update the list of aquaculture farms based on three (3) sources, namely the Aquaculture Farms Inventory (AqFI), 2012 Census of Agriculture and Fisheries (CAF), and Bureau of Fisheries and Aquatic Resources (BFAR) List of Aquafarms. It also aims to generate a sampling frame for the quarterly surveys on aquaculture.

Using the said sources, all aquaculture farms in the province were visited and interviewed, and new/additional aquaculture farms were also listed. After listing operation, a total of 20 aquaculture farms were updated or listed as new.
ASR

Agricultural Situation Report

This report gathers information on crop, livestock and poultry, fisheries, prices and market supply situation and general outlook of certain municipality/city. It also covers the infrastructure development, seminar/trainings, government programs, workshops/meetings that took place and the prevailing weather condition/climate in the locality.

FTS

Foreign Trade Statistics

Are compiled by PSA from copies of import and export documents submitted to the Bureau of Customs (BOC) by importers and exporters or their authorized representatives as required by law. Preliminary monthly export and import statistics are released in the form of press releases 40 days and 55 days after the reference month, respectively.

A total of 222 foreign manifests were collected and processed in 2017 from two (2) Bureau of Custom’s Sub-Port Offices in Leyte.

DomStat

Commodity Flow or Domestic Trade Statistics

Refers to air, rail and coastwise trade statistics compiled monthly by PSA based from airway bills collected from Philippine Airlines (PAL) operating in domestic airports and daily report of outgoing shipments (DROS) and passenger manifests from port areas in the province.

In 2017, there were 1,858 collected and processed domestic trade documents. For airway bills, 1,144 documents were collected and processed.
Construction Statistics from Approved Building Permit

Construction statistics contained in approved Building Permits (BP) are collected from all cities and municipalities. The data generated include the number, floor area, type and the value of building construction proposed for construction during the specified period.

SSHPDP

Survey of Slaughterhouses and Poultry Dressing Plant

Data are collected from accredited abattoirs and dressing plants as well as LGU-supervised slaughter facilities. It aims to provide government executives, policy makers, and planners with information in support of the Meat Sufficiency Program of the government. As provided for in Administrative Order No. 5 series, of 2016 of the Department of Agriculture (DA), there is monthly submission of the consolidated slaughter and condemnation report to the National Meat Inspection Service (NMIS) and PSA.

Data from cities/municipalities in Leyte were collected every month in 2017.

Animal Type by Number of Heads Slaughtered, Leyte: 2017
28th National Statistics Month Celebration

In observance to the annual celebration of the National Statistics Month (NSM), PSA Leyte Provincial Statistical Office conducted various activities focused on the theme “Facts and Figures for the Future: Statistics for Evidenced-Based Decisions Towards Ambisyon Natin 2040”.

The 28th NSM highlighted the importance of statistics in tracking our nation’s progress towards achieving the country’s goals on Ambisyon Natin 2040 which is spearheaded by National Economic and Development Authority (NEDA).

A. Hanging of Streamer

Prescribed streamer for the 28th NSM was hung at the entrance of PSA Leyte Provincial Statistical Office for the whole month of October 2017.
B. Display of Bulletin Board

As part of the office’s information campaign towards the attainment of “Ambisyon Natin 2040”, its bulletin board was updated in line with the 28th NSM celebration.

C. Tree Planting

In celebration with the 28th NSM, PSA Leyte joined the Tree Planting Activity hosted by DENR on October 13, 2017 at Macarthur, Leyte.
D. Data Dissemination in Junior High Schools

PSA Leyte Provincial Statistical Office conducted Information Dissemination Fora on Official Statistics and Civil Registration to Grade 10 and 11 students to various schools/institutions in Region VIII.

The activity is part of PSA’s major thrusts to cascade the fruits of its labor through the presentation of the different results of censuses and surveys.

Moreover, above endeavor was also an opportunity of the Office in tapping the academe on its information campaign on the significance of vital events of man such as birth, marriage, death and other legal instruments to people’s lives.
Celebration of Civil Registration Month

The PSA Leyte, in cooperation with the Municipal/City Civil Registry Offices (M/CCROs), took the lead in the observance of 2017 Civil Registration Month (CRM) in the province. This year’s celebration was anchored on the theme “Pilipinong Rehistrado, Matatag na Kinabukasan ay Sigurado”.

Symposia, data dissemination seminars, trainings, exhibits, slogan and poster making contests, quiz bee, tree planting, information and education campaign such as press conference, media interviews, and hanging of CRM streamers and tarpaulins were conducted during this month-long celebration. Awards were given also to outstanding LCROs for their exemplary performance in the delivery of civil registration services.

The celebration aimed to remind Filipinos of their duty to register vital events such as birth, marriage, death and other acts and events concerning status of persons, and instill public awareness and appreciation of the legal, administrative and statistical values of civil registry documents.

The annual celebration of the Civil Registration Month, which was on its 27th year, is undertaken every February, pursuant to Proclamation No. 682 issued on January 28, 1991 by former President Corazon C. Aquino.
Decentralized Vital Statistics System (DVSS)

The DVSS is used in the machine processing of submitted civil registry documents by the Local Civil Registrars in the province. The documents underwent data entry, verification and data editing before data files and documents are submitted to Civil Registration Service at PSA Central Office.

In Leyte, all of the DVSS documents and data files were submitted on time in 2017.

Civil Registry Documents submitted by Month, Leyte: 2017

Philippine Civil Registration Information System (PhilCRIS) Users

PhilCris is available for use by the Offices of the Civil Registrars and other end-users. The software enables encoding of relevant information from civil registry documents, storage of vital data, query and retrieval of encoded records. The system is offered free-of-charge, however Memorandum of Agreement is to be executed between the PSA and interested parties.

As of 2017, there were 16 cities/municipalities and 21 birthing centers/churches using PhilCRIS in Leyte.
Issuance of Certificates of Registration of Authority to Solemnize Marriage

Starting January 2006, there was full decentralization of the processing of Certificate of Registration of Authority to Solemnize Marriage (CRASM) to the field offices where the church assignment of the Solemnizing Officer is located whether renewal or new application. Evaluation and processing are undertaken at PSA Provincial Statistical Offices while approval is done at the Regional Statistical Service Office.

PSA Leyte issued a total of 129 CRASM in 2017. Of these issuances, 35 were applied by new solemnizing officers (SOs) while 94 were applied by SOs whose CRASM is for renewal. The CRASM is valid for three (3) years.

Number of CRASM Issued by Month, Leyte: 2017
Training/Seminars on Civil Registration

Lecture Series on Civil Registration was conducted on February 24, 2017 at PSA Leyte training room. This activity aimed to enhance the competence of the employees in dealing appropriately with the civil registration concerns or issues. Then Administrative Officer III Michael B. Falle and then Registration Officer I Arthur Collanto served as lecturers. This was attended by 20 regular staff and

Briefing on ISO-QMS Implementation of PSA and Updates on Civil Registration Issuances was held on October 10, 2017 at PSA Leyte Provincial Statistical Office, Tacloban City. Around 23 civil registrars attended the said activity.
Publications

PSA Leyte prepared 90 issues of various publications on the statistical information related to the province’s economic, social, demographic and general activities and condition of the people.

**PSA LEYTEst** is the official newsletter of PSA Leyte prepared quarterly which highlights the activities undertaken by the provincial office in a quarter.

**Leyte QuickStat** is a monthly publication that features the updates on the most requested statistics.

**Special Release** is a monthly publication that presents the analysis of the data generated from the latest result of census, survey or statistics generated from the administrative data collected by the office.

**Gender Statistics** is a publication of sex-disaggregated data produced by PSA. This is issued every March in the observance of Women’s Month celebration.

**Annual Report** is a lengthy report issued yearly which gives an account or summary of the activities throughout the preceding year.

One-time Ambush Interview

OIC-PSO Sheryl Ann A. Jamisola was interviewed by ABS CBN Tacloban Network on January 23, 2017 at PSA Leyte Provincial Statistical Office. OIC-Jamisola readily answered questions posed to her particularly about the prevailing inflation rate in the province.
Data Dissemination

The PSA is mandated to disseminate official statistics, general-purpose statistics, and civil registration services. With the desire anchored on the thrust to have province-wide intensified information dissemination campaign, the PSA Leyte conducted numerous fora and symposia in different agencies, sectors, and schools.

A. Agencies/Sectors

Three (3) dissemination fora for agencies/sectors were conducted in 2017.

About 20 employees of Government Security Insurance System (GSIS), Regional Office No. 8 attended the Orientation Seminar on Civil Registration Laws & Other Related Memo Circulars on Civil Registration on June 22, 2017 at their office located at Fatima Village, Tacloban City.

The PSA Leyte, together with RSSO 8, conducted Civil Registration Seminar for DepEd Region VIII Personnel on September 22, 2017 at DepEd Regional Office, Palo, Leyte. About 22 employees attended the seminar.

B. Schools

A total of 23 symposia were conducted in schools in 2017.

San Isidro National High School
Guinarona National High School
New Kawayan National High School
Maintenance of Library

The PSA Leyte Library was instrumental to the students and other users doing research. With its vast collection of publications, mostly of PSA census and survey results, several researchers were provided with the necessary data. PSA Leyte also maintains accredited information centers that are housed in the libraries of partner state universities in the province. As of 2017, there were three (3) accredited information centers in Leyte.

Hanging of Streamers

Streamers for PSA activities to be conducted, as well as streamers in support to the activities of other agencies were displayed in the conspicuous area.

A total of 71 streamers were displayed in 2017.

Maintenance of Bulletin Board

The office maintains bulletin boards located within its vicinity. It displays the publications such as fact sheets, special releases and newsletters and other latest press releases.
Social Responsibility

Adopt a Day Care Center

As gesture of advocacy in nurturing children whose lives remain at the margins of the significant world of the adults wherein they still need to be sheltered and protected, PSA Leyte employees adopted a day care center at Sta. Rita Child Development Center, Bgy. Dona Brigida, Tolosa, Leyte last March 16, 2017.

Adopt a Marginalized Institution Program

In recognition to the valuable role of the elderly in our society and help them battle against the feelings of hopelessness and helplessness, PSA Leyte adopt a Marginalized Institution Program at Pope Francis Complex Center for the Poor, Palo, Leyte on July 19, 2017 and October 30, 2017.
Social Responsibility

Clean Up Drive

PSA Leyte conducted a clean-up drive in coordination with the Local Government Unit (LGU) of Burauen, Leyte at Barangay Abuyogon, Burauen, Leyte last March 10, 2017.

Involvement in the Activities of other Agencies

- Job Fair during the 115th Labor Day Celebration
- ASEAN Landmark Lighting
- Celebration of 73rd Leyte Gulf Landing Anniversary
- Guest Speaker in Various Mass Weddings Organized by LGUs
Financial Matters

Fund Allocation and Expenditures

The PSA Leyte’s financial performance for the fiscal year (FY) 2017 and major outputs conformed with the priorities and targets planned for the year. The office’s total allocation for 2017 accounted to Php 15.81 million for its regular and support activities.
